

CV / Magnus Spånggård

Profile

I'm a friendly, social and honest person who are passionate for my interests. My desire is to work with development and design of the user experience for applications running on mobile platforms.

Education

- Aug 2005 - current **Chalmers University of Technology, Gothenburg, Sweden**
Bachelor in **Software Engineering** and Master in **Interaction Design**.
- Sep 2010 - Oct 2010 **IT University, Gothenburg, Sweden**
Application development course for **iPhone (iOS)**.
- Jun 2010 - Aug 2010 **Mid Sweden University, Sweden**
Application development course for **Android**.

Work Experience

- Jan 2012 - current **Teacher Assistant at Chalmers University of Technology, Gothenburg, Sweden**
Responsible for the exercises and labs in the course **Design & Construction of Graphical Interfaces**.
- Nov 2011 - Jan 2012 **Teacher Assistant at Chalmers University of Technology, Gothenburg, Sweden**
Responsible for giving feedback on exercises and partly grading exams in the course **Mobile Computing - Design & Implementation**.
- April 2011 - Oct 2011 **Master Thesis at Findwise AB, Gothenburg, Sweden**
Designed and developed a web based Search Analytics application in **Javascript** with a **user centered approach**.
- June 2010 - current **Application development for the Swedish furniture design company Johanson Design AB**
Developed and delivered an **iPhone, iPad (iOS)** and **Android** application.
- Jun 2008 - Sep 2009 **Volvo Information Technology AB, Gothenburg, Sweden**
Senior Analyst/Junior Analyst
Responsible for all **Windows** and **UNIX** servers running properly on the Volvo network. Later on shifted responsibility to Volvos servers running (**iSeries**).
- May 2007 - Jun 2008 **TeliaSonera AB, Gothenburg, Sweden**
First Line Support
Phone support helping broadband customers to solve their issues.

Computer Related Experience

Programming: Experience in **Java**, **C/C++** and **Haskell** from various school work. Freelance development and school project experience working with **Objective-C** and **Android**.

Web development: Home experience with using **HTML**, **CSS** and **PHP** for different projects. Also experience from **HTML**, **CSS** and **Javascript** from school related work.

Databases: Experience with **MySQL** and **Oracle** from school related work. Further experience of **MySQL** and **SQLite** in home related projects and during freelance work.

Operative systems: Daily user of **Mac OS X** and **UNIX**. Previously used and supported **Windows** based machines.

Awards

Jan 2010 - Jun 2010

Interaction Design Project, Chalmers

A project where I, together with four friends, constructed both the hardware control and the software for a game. The game received the title **Best Innovation** at the Swedish Game Awards 2010.

Other Merits

Jun 2008 - Jun 2009

Program committee PU, Chalmers Student Union

The committee is responsible for arranging concerts, showing movies in the cinema, arranging courses and tastings. My responsibility was to market the events, plan the construction of the different areas and the overall security at all the events.

Jan 2006 - Jan 2007

Reception committee at Computer Science, Chalmers

Arranged the reception of the new students that started Computer Science at Chalmers.

Language Experience

Swedish (mother tongue)
English (fluent in speech and writing)
German (very basic understanding of writing)
